Born 26.12.1990
Egyptian/German
Married, 2 Kids

Professional Practice

08.2025 – Now	**Verlag Dr. Otto Schmidt KG, Germany (Remote) + Various International Entities** *Freelancer – Senior Full-Stack Developer* • Development & co-management of E-Shop **www.otto-schmidt.de** • Delivering custom tools, web applications & e-commerce solutions using a variety of tech stacks (Dotnet Core, C#, Django, Python, JavaScript, Jquery, Ajax, HTML, CSS, Bootstrap, Entity Framework, LINQ, SQL, Databases, RegEx, DevExtreme, XSLT, DTD, XML, Xpath, Restful API, Batch). • Utilizing modern AI-driven technologies to meet diverse client requirements (Replit, Claude, OpenAI, …). • Developing business Websites & Portfolios (e.g., **mwahby.com**) • Use of modern development and versioning tools & environments (Visual Studio, SVN, GIT, DevOps) and managing domain setup, hosting, and deployment
02.2021 – 08.2025	**Fachmedien Otto-Schmidt KG, Düsseldorf, Germany** *(Senior) Full-Stack Software Developer* • Development & co-management of E-Shop **www.fachmedien.de** (Dotnet Core, C#, JavaScript, Jquery, Ajax, Cronjobs, HTML, CSS, Bootstrap, Responsive, Barrier-Free, Entity Framework, LINQ, SQL, Databases, SSMS, RegEx, Mailing, MJML, DevExtreme, …) • Web development of internal Tools/Workflows (Python, Django, Rest/Soap API, Spyne, Zeep, …) • Use/expansion of interfaces, APIs & web services to external applications for online publishing • Scripts for mass processing of structured data (XSLT, DTD, XML, Xpath, Schematron, Batch, …) • Use of modern development and versioning tools & environments (Visual Studio, SVN, GIT, DevOps)
06.2018 – 10.2020	**dSPACE GmbH, Paderborn, Germany** *Software Developer /Tester (Student Job)* • Script development (Python) for autonomous driving (e.g., parameter variation & KPI calculation) • Add-on development (Python) for data management software • Development (Python) of organizational helper tools (e.g., automated processing of Excel files) • Development and execution of automated/manual tests (Python, Unit-Testing) • Development of XSLT and Windows batch scripts • Documentation of new developments
04.2014 – 10.2015	**Xceed Egypt, Smart Village, Cairo, Egypt** *Telecom Support Engineer* • Resolution of voice/data network faults detected by the Network Management Station or reported by the Helpdesk (CISCO, SQL, Subnetting, Switching, Port Security, VLANs, Monitoring) • Management of Voice ACD systems and voice applications (AVAYA, ASA, CMS, Billing, Recording) • Conducting regular checks & backups, and preparing reports on PBX and data network performance
01.2013 – 03.2014	**Headquarters of the Air Force, Cairo, Egypt** *Obligatory military service* - Maintenance of computer networks, computer hardware and software
07.2011 – 08.2011	**Jointservicesltd, Cairo, Egypt** *Internship* - Maintenance and calibration of drilling rigs and sensors
08.2010 – 09.2010	**Baker Hughes Inteq. Kattamia Workshop, Egypt** *Internship* - Safety training. Maintenance and calibration of drilling rigs and sensors

Education

04.2017 – 05.2020	**Master of Science Electrical engineering** (Taught in German) (Grade: Very good) *University of Paderborn, Germany* Renewable Energy, Cognitive Systems and Microelectronics

	Master Thesis (Individual) (Grade: Very good) "Investigating the functionality of PCM Solar Air-Conditioning Systems" (Homer Pro) **Key group projects** "Wind Speed Logger" (Python), "Smart Home Bus-Technologies", "Energy consumption in micro-apartments", "Driver assistance systems" **Key Topics**: Solar PV, Wind, Grids, Smart Homes, Autonomous Driving, Robotics
10.2015 – 12.2016	**German language for university entrance "DSH"** (Degree: DSH2 in Level C1) *University of Paderborn, Germany*
10.2007 – 07.2012	**Bachelor of Science Information Engineering & Technology** (Grade: Good) *The German University in Cairo "GUC", Egypt* Telecom & Networking **Bachelor Thesis** (Grade: Excellent) "Multi-level Proximity Localization using Zigbees" (MATLAB) **Key group projects** "TETRAVEX" (Java), "Wireless power signal Monitoring" (Python), "Circuit Design" (PSpice) **Key Topics**: Network Protocols, Switching, Routing, Wireless, Signaling, Control (SS7), Core, Security
09.2005 – 05.2007	**High School** (Grade: Excellent) *Horus Language Schools, Cairo, Egypt*

Expertise

Development/Modelling: Pro:(Python, C#, SQL, HTML, CSS), Middle:(Javascript, Jquery, Ajax, XSLT, Batch scripting, MATLAB), Beginner:(Java)

Apps/Frameworks: Dotnet Core, MJML, DevExtreme, Django, Visual Studio, MS SQL Server Management Studio "SSMS", SVN, GIT, Azure® DevOps, Crontab, Bootstrap, RegEx, Rest/Soap API, Entity Framework, MS Word/Excel/ PowerPoint

IT/More: Avaya Site Administrator "ASA", Call Management System Supervisor "CMS", CallVisor, Witness ContactStore, CallViewer, Cisco Packet Tracer, Packet sniffer, CCNA knowledge, Homer Pro

Further certificates

03.2017	**UNIcert III – English C1** *University of Paderborn, Germany*
12.2013	**ITIL Foundation in IT Service Management** *EXIN Certification Institute*

Language skills

- **Arabic –** Native language
- **English –** Fluent in speaking and writing at level C2+
- **German –** Business Fluent in speaking and writing at level C1+

Interests

Exploring new technologies and AI tools, Bodybuilding, Fishing, Swimming, Diving & Traveling

Cairo, 2.11.2026
